**Source Information:**

- Cases- lab confirmed positive results with Putnam County residency reported to the NYS Communicable Disease Electronic Surveillance System (CDESS) by diagnosis date
  - Please note that there was a methodology change starting in February of 2024. Cases are now being counted by diagnosis date rather than creation date in CDESS. This change was made to provide a more accurate assessment of level of transmission. However, users should expect case counts to change slightly each week as new information is created in CDESS.
