

Robert Morris, P.E.
Director of Environmental Health

Department of Health

1 Geneva Road, Brewster, NY 10509

Office (845) 808-1390

Fax (845) 808-1937

Dear Applicant,

Pursuant to Chapter 205, Article 2 (Recycling) & 3 (Solid Waste Mgt.) of the Putnam County Code (including all pertinent local laws) and in accordance with Title 1, Article 27 of the New York State Department of Environmental Conservation, and the Putnam County Solid Waste Management Plan, any organization that transports waste generated or disposed of within Putnam County must obtain a permit from the Putnam County Department of Health on an annual basis. An application or renewal may be denied by the Department for the failure of the applicant to properly complete the annual report as provided in §205-20, paragraph B, titled "Permits for Transporters of Solid Waste" (see attachment 2).

In order to obtain a valid permit and permit stickers, this application (which includes annual reporting forms) must be completed in its entirety and returned to the Department for approval, along with the annual fee of \$ 200.00 by certified check or money order made payable to the Putnam County Health Department. This fee covers up to five permit stickers. Additional stickers will be provided for \$1.00 each. Once the Certificate of Registration and permit stickers are obtained, the stickers must be displayed prominently on each of the permitted vehicles. Failure to comply with all sections of the Putnam County Codes & Local Laws will result in permit (s) being revoked, enforcement actions pursued and penalties incurred. Permits will expire on the last day of February of the following year. Renewal applications received after February 15th, will be subject to a late fee of \$50.00.

Please be advised, as a condition for the permit, the Putnam County Department of Health shall require the transporter to complete the annual report forms, including volumes and nature of waste products, including recyclables, disposed of and the place and manor in which waste products were finally disposed, and such other information the Department may require. Failure to submit such information shall result in the automatic denial of the permit application.

The information requested in this application is to allow Putnam County to properly gauge the size and nature of it's solid waste stream, waste generated or disposed of in Putnam County, and to assess the type and variety of services available to manage it as required by the New York State Department of Environmental Conservation in accordance with the New York State Solid Waste Management Act of 1988.

Please note that in response to comments received from waste haulers, beginning with the 2010 application, the County no longer requests information on prices charged by haulers for waste removal services. The County will require information only on costs incurred by haulers to dispose of material. We appreciate your input, and will continue to work towards simplifying the application process as much as possible.

All waste transporters operating in Putnam County shall be responsible for collecting from their accounts all source separated material as specified, and shall at all times separate recyclable materials from solid waste throughout collection, transportation and delivery process.

All recyclable materials placed at curbside or deposited at a designated drop-off center shall, at all times, be collected, stored, and transported separately from all other solid waste and delivered only to facilities permitted for the processing of recyclables. Please be advised that the Department has received numerous complaints that waste haulers are collecting and combining garbage and recyclables in the same truck. This is clearly in violation of local law #11 and the Department plans to enforce the law to the greatest extent possible.

In addition to the above stated requirements, all waste service providers are required to contact the local town or village hall within each municipality serviced, and comply with all applicable licensing and waste service related requirements that each municipality may impose.

A list of permitted haulers will be posted on the County website every April. Should you have any questions in filling out this application (including the annual report), or require additional information, please feel free to contact this office.

Sincerely,

Robert Morris, P.E.
Director of Environmental Health

**Instructions for acquiring a waste hauler permit to collect and transport
Solid Waste and Recyclable Materials in Putnam County**

The attached application for a permit should be completed in its entirety and returned to this department on or before February 15, 2011 and include the following:

- Completed permit application for Collection & Transportation of Solid Waste and Recyclable Materials in Putnam County.
- Completed Annual Report forms based on the previous year of business.
- A **Certified Check or Money Order** made payable to the Putnam County Department of Health in the amount of \$ 200.00
- For new applications only: If the business is a corporation, a copy of the Certificate of Incorporation, if a sole proprietorship, a copy of the Certificate of Business or if a partnership, partnership papers need to be attached, signed and notarized.
- Proof of Workman's Compensation and Disability Benefits Insurance (**forms C-105.2 and DB-120.1**) If such insurance coverage is not required, **WC/DB CE-200** exemption (see attachment 1) certificate must be submitted with this application. ACORD forms are not acceptable.
- Copy of valid Waste Transporter Permit from the NYS DEC (applicable to haulers of Regulated Medical/Infectious Waste)
- A letter from the owner of the listed disposal facility (s) permitting you to dispose of the waste material indicated on the permit at their facility.
- The attached "Notarized Certificate of Applicant" must be completed, signed and notarized.

**The completed application should be returned to the:
Putnam County Department of Health
Division of Environmental Health
1 Geneva Road, Brewster, New York 10509
Att: Mary Rice**

If requesting a renewal, failure to return completed application may result in a lapse of your permit.

In the future, at the discretion of the Department of Health, arrangements may be made for an inspection of your vehicle (s). Please note that the following items would be inspected:

- The vehicle containers must prevent the loss or discharge of offensive material during transportation.
- The identification of the owner of the vehicle or the business name and address must be clearly posted on both sides of the vehicle.
- The Putnam County Permit sticker is to be displayed prominently on each truck or vehicle registered.
- All materials must be collected, stored and transported properly separated in accordance with the Putnam County Solid Waste Management Plan and County Code 205.

Please contact Mary Rice at (845) 808-1390 ext. 43164 if further information is required. Your cooperation is greatly appreciated.

**Waste Hauler Permit Application for Collection and Transportation of
Solid Waste and Recyclable Materials in Putnam County**

SECTION 15 –CERTIFICATION

By signing and submitting this Application, I hereby request that the Corporation, Municipality, or Person named in Section 1 be granted a permit by the County of Putnam for the Transportation of Source Separated Waste Material and Recyclables in accordance with the Putnam County Department of Health.

I further agree the County has the right to verify the information contained herein before and after granting of a permit, and that inaccurate information will be grounds for the denial or revocation of said permit.

I understand that _____ shall be granted permission to collect,
(Applicant)
transport or dispose of source separated waste and recyclable material in Putnam County under the following conditions:

- Vehicles are maintained in a clean, sanitary and leak-proof condition to prevent loss or discharge of offensive material during transportation;
- The identification of the owner of the vehicle or the business name and address is clearly posted on both sides of the vehicle;
- Current permit is prominently displayed on the vehicle (s) at all times;
- All source separated waste and recyclable materials are covered or maintained in a closed truck;
- All materials are collected, stored and transported properly separated in accordance with the Putnam County Solid Waste Management Plan; Article 2 & 3 of the Putnam County Codes and all Local Laws pertaining to waste hauling within Putnam County.
- Permit (s) are granted subject to any/all state and local laws, ordinances, codes, rules and regulations. Failure to comply with all sections of the Putnam County Codes, Local Laws or the Putnam County Solid Waste Management Plan will result in your permit (s) being revoked, enforcement actions pursued and penalties incurred.
