

TRAINING BULLETIN

Basic Life Support (CPR/AED) for Healthcare Providers

This American Heart Association course provides training in one and two rescuer adult CPR, pediatric and infant CPR, ventilation adjuncts, choking management and the use of an Automated External Defibrillator (AED). The course is intended for individuals requiring the full spectrum of CPR training.

NOTE: All classes will be conducted at the PCBOES Training & Operations Center, 112 Old Route 6 in Carmel. All sessions are Wednesday mornings, 10:00 AM to 2:00 PM unless otherwise indicated.
