

REPORT TO THE BOARD

March 6, 2013

The Board of Directors
Putnam Tobacco Asset
Securitization Corporation

Dear Board Members:

We have audited the financial statements of Putnam Tobacco Asset Securitization Corporation (the Corporation) for the year ended December 31, 2012 and have issued our report thereon dated March 6, 2013. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America and Government Auditing Standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter dated November 12, 2012. Professional standards also require that we communicate to you the following information related to our audit.

Significant Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Corporation are described in note 1 to the financial statements. The Corporation adopted Governmental Accounting Standards Board (GASB) Statement No. 62 - "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements," GASB Statement No. 63 "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position" and GASB Statement No. 65 "Items Previously Reported as Assets and Liabilities" during 2012. We noted no transactions entered into by the Corporation during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. For the year ended December 31, 2012, we evaluated the key factors and assumptions used by management in determining that accounting estimates were reasonable in relation to the financial statements taken as a whole.

Significant Disclosures

The disclosures in the financial statements are neutral, consistent and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of contingencies in note 5.

Difficulties Encountered in Performing the Audit

No difficulties were encountered during the current year audit. No delays were noted in the commencement of the audit or in providing us with needed information. Management and accounting personnel were very helpful in assisting us during our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no material uncorrected misstatements detected as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involved application of an accounting principle to the Corporation's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management prior to retention as the Corporation's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

* * * * *

This information is intended solely for the use of the Board of Directors and management of Putnam Tobacco Asset Securitization Corporation and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

TOSKI & CO., CPAs, P.C.
