Major Energy Terms & Conditions

1. Agreement to Sell and Purchase Energy. This is an agreement between Major Energy Services, LLC for natural gas and/or Major Energy Electric Services, LLC for electricity (collectively and/or individually as the case may be hereafter "Major"), an independent energy services company, and the undersigned customer ("Customer") under which Customer shall initiate natural gas and/or electricity service and begin enrollment with Major (the "Agreement"). Subject to the terms and conditions of this Agreement, Major agrees to sell and deliver, and Customer agrees to purchase and accept the quantity of natural gas and/or electricity, as estimated by Major, necessary to meet Customer's requirements based upon consumption data obtained by Major or the delivery schedule of the Local Distribution Utility (the "LDC"). Major is not affiliated with and does not represent the LDC. The amount of natural gas and/or electricity supplied under this Agreement is subject to change based upon data reflecting Customer's consumption obtained by Major or the LDC's delivery schedule. The LDC will continue to deliver the natural gas and/or electricity supplied by Major.

2. Term. For Variable Rate service this Agreement shall commence as of the date Customer's notice regarding the change of Customer's provider to Major is deemed effective by the LDC, and shall continue for one month thereafter (the "Initial Term"). Unless otherwise agreed to, upon completion of the Initial Term, this Agreement will renew on a month-to-month basis with a monthly variable rate methodology with no change to the remaining terms. (the "Renewal Term"). While receiving service on a month-to-month basis, either party may cancel or terminate this Agreement by providing 30 days' advance written notice of termination to the other party.

For Fixed Rate service this Agreement shall commence as of the date Customer's notice regarding the change of Customer's provider to Major is deemed effective by the LDC, and shall continue for 6, 12, 18 or 24 months thereafter (the "Initial Term") or as set forth on the first page of this agreement. Unless otherwise agreed to, upon completion of the Initial Term, this Agreement will renew at a variable rate, with no change to the remaining terms (the "Renewal Term").

3. Pricing, Billing, and Termination. Unless otherwise agreed to in writing, the price for all natural gas sold under this Agreement shall be a:

- variable price which each month shall reflect the wholesale cost of natural gas (including commodity, capacity, storage and balancing), transportation to the Delivery Point, and other market-related factors, plus all applicable taxes, fees, charges or other assessments and Major's costs, expenses and margins;
- NYMEX settle plus \$ _____ adder that varies each month (line loss not included) or
- a fixed price of \$0.423 per therm plus, in each case, all applicable taxes.

Unless otherwise agreed to in writing, the price for all electricity sold under this Agreement shall be a:

- variable price which shall each month reflect the cost of electricity obtained from all sources (including energy, capacity, settlement, ancillaries), related transmission and distribution charges and other market-related factors, plus all applicable taxes, fees, charges or other assessments and Major's costs, expenses and margins; or
- a fixed price of \$ _____ per kWh plus in each case, all applicable taxes.

For fixed price service, unless otherwise agreed in writing, if usage in any month exceeds the level of usage in the same month in the previous year ("Base Load") by ten percent or more, the Customer will be charged a variable price for all usage in excess of the Base Load and the fixed price for usage up to the Base Load ("True-up"). If the usage in any month falls by ten percent or more below the Base Load, the Customer will be charged the fixed price for all usage and shall be charged for hedging, cash out costs, settlement or balancing costs related to the positive difference between the Base Load and actual consumption ("True-up"). The True up will be billed to the customer in the form of a blended rate of the agreed upon fixed rate and the True-up value: for months 1-3 on the 4th bill, for months 4-6 on the 7th bill, for months 7-9 on the 10th bill, for months 10-11 on the 12th bill, and for month 12 as a separate invoice. If there is a material adverse change in the business or financial condition of Customer (as determined by Major at its discretion) or if Customer fails to meet its obligations under this Agreement or pay or post any required security deposit, then, in addition to any other remedies that it may have, Major may terminate this Agreement upon 15 days' written notice to Customer.

If Customer terminates this Agreement prior to the end of the Initial or Renewal Term or if Major terminates this Agreement due to Customer's breach, the Customer shall pay Major, in addition to any other applicable charges, a cancellation fee equivalent to the greater of (a) \$500 or (b) 2¢ per kWh multiplied by the estimated amount of kWh remaining for the duration under the Fixed Rate agreement and/or 20¢ per therm multiplied by the estimated amount of therms remaining for the duration under the Fixed Rate agreement, as applicable, using the actual volumes received by Customer for the prior 12 month period as the volumes used in determining the estimated amount. However for all residential customers and commercial customers solicited through door-to-door marketing, the early termination fee will be \$100 if the remaining term is less than 12 months and \$200 if the remaining term is more than 12 months. Major will invoice Customer monthly for natural gas and/or electricity supplied under this Agreement, as measured by the LDC, and Customer will pay each invoice in full within 20 days of the invoice date or be subject to a late payment charge of 1.5% per month. Customer may receive a single bill for both commodity and delivery costs from either Major or the LDC, or each of the LDC and Major may invoice Customer separately. Customer payments remitted in response to a consolidated bill shall be pro-rated (when so required) in accordance with procedures adopted by the New York State Department of Public Service (the "DPS"). Major may assign and sell Customer accounts receivable to the LDC. In the event of failure to remit payment when due by a residential customer, Major may terminate commodity service and seek suspension of distribution service in conformance with the Home Energy Fair Practices Act ("HEFPA"). Failure by a commercial customer to make full payment of Major charges due on any consolidated bill prepared by the LDC for Major will be grounds for disconnection of utility services in accordance with NYPS&C rules and regulations on the termination of service to non-residential customers, 16 NYCRR Section 13.3. A \$30 fee will be charged for all returned payments.

4. Assignment. Customer may not assign its interests in and delegate its obligations under this Agreement without the express written consent of Major. Major may sell, transfer, pledge, or assign the accounts, revenues, or proceeds hereof, in connection with any financing agreement or receivables purchase program, and may assign this Agreement to another energy supplier, energy services company or other entity as authorized by the DPS.
