COUNTY OF PUTNAM - PURCHASING  
40 Gleneida Ave.-1<sup>st</sup> Floor-Room 105, Carmel, NY 10512  
TELEPHONE: 845-808-1088 / TELEFAX: 845-808-1914

**TITLE: GENERATOR PREVENTIVE  
MAINTENANCE VARIOUS COUNTY FACILITIES**

**BID NUMBER: RFB-09-17**

DETAILED SPECIFICATIONS

1. SCOPE

Provide, as specified, preventative maintenance, testing, repair, and service of twenty-one emergency generator sets at fifteen separate locations throughout Putnam County. This includes automatic or manual transfer switches, all associated sensors, senders, relays, PC boards, timers and all other devices which comprise the appropriate emergency power supply system.

2. LOCATIONS

A county map noting each location is attached.

3. MAINTENANCE & TESTING

All maintenance performance, procedures and frequency shall follow those recommended by the manufacturer(s). In the absence of such recommendations, the minimum requirements in the latest edition of NFPA 110 shall be followed.

4. DOCUMENTATION

Detailed description of all completed repair work indicating labor and parts provided and work performed must be submitted to owner or owner's representative for signature at the time the work is performed, and must accompany all invoices.

5. PERSONNEL

Bidder must employ certified mechanics and must submit with the bid a list of current employees who would be servicing equipment. The following information should be on the list: Name of employee; level of certification; dates of certification. At awarding of the bid, the bidder must supply a copy of each employee's certification. All certifications must be notarized. All service technicians must have a minimum of three years paid documented experience in the repair and troubleshooting of Onan, Cummins, Kohler or other equipment similar to the gensets specified. Bidder's company shall have a minimum of five such service technicians on staff and provide proof of experience with bid submittal. There must be at least one certified mechanic working on all jobs.

6. INSPECTION SHEETS/REPORTS

The Contractor is required to submit an inspection sheet after the performance of each preventative maintenance service. This sheet must list the results of each inspection, any corrective action taken and any recommended action to be taken (with owner's permission). Also, Contractor will supply a detailed report for each emergency service or repair. This report must contain a description of the problem and any corrective action taken.

7. WORK HOURS

Work must be performed between the hours of 8:00 am and 4:00 pm, Monday through Friday. No work is to be performed outside of these hours without authorization from the authorized County of Putnam representative.

COUNTY OF PUTNAM - PURCHASING  
40 Gleneida Ave.-1<sup>st</sup> Floor-Room 105, Carmel, NY 10512  
TELEPHONE: 845-808-1088 / TELEFAX: 845-808-1914

**TITLE: GENERATOR PREVENTIVE  
MAINTENANCE VARIOUS COUNTY FACILITIES**

**BID NUMBER: RFB-09-17**

The Contractor shall notify the authorized County of Putnam representative 24 hours in advance prior to the scheduled service date.

8. EMERGENCIES

When the Contractor is informed by the owner that emergency repair service is required, the Contractor must take whatever steps are necessary to expedite work including overtime work, evenings, weekends, and holidays. All calls for service shall result in a technician being on the jobsite within 2 hours of call. Contractor shall have a staffed office (answering machine or voicemail not acceptable) to take service calls 24 hours/day, 7 days/week, 365 days/year.

9. LICENSES

The Contractor and their service personnel shall possess all licenses required to perform this work. A Putnam County, NY licensed electrician, where required, shall do all electrical work. Proof must be submitted immediately upon request.

10. CONTRACTOR REQUIREMENTS

The County of Putnam may inspect the facilities of the apparent low bidder prior to award to determine their capacity to perform this work. The successful bidder must maintain a satisfactory inventory of repair and replacement parts for the units specified at their warehouse and in their service vehicles. Bidder will show evidence of inventory upon request.

If at any time during the life of the contract the Contractor, in the opinion of the owner, fails to take all reasonable steps to expedite the work, the owner may unilaterally nullify the contract.

11. EQUIPMENT

The Contractor is responsible for providing all tools and equipment necessary to efficiently perform all work in a professional and workmanlike manner.

12. REFERENCES

Bidder will furnish, with the proposal forms, a list of five sites with generators presently being maintained by bidder. The name and telephone number of a site contact is to be included. These sites must have generators similar to the units specified in this bid package.

13. TRAVEL TIME

All labor shall be billed from the time bidder's employee arrives at the site and begins work to the time he/she finishes work and departs from the Putnam County job site. The County of Putnam will not accept nor authorize payment for travel time or expenses of service personnel to any of the County of Putnam's facility locations. The only billable time will be for service work performed.

**TITLE: GENERATOR PREVENTIVE  
MAINTENANCE VARIOUS COUNTY FACILITIES**

**BID NUMBER: RFB-09-17**

14. REPAIR WORK

The Contractor shall only perform work which is required. Repairs shall be performed only with the approval of an authorized County of Putnam representative. Should any repair work be performed without prior authorization, payment will not be made.

15. TIME SHEETS

The Contractor shall submit a time sheet for each day worked on preventative maintenance. Time sheets shall only indicate equipment serviced. Details of servicing can be found on the preventative maintenance record sheets. The Contractor shall also provide a time sheet for repair work, which is not covered under the preventative maintenance specifications.

16 PREVENTATIVE MAINTENANCE

16.1 A trained service representative will visit a site as many times as deemed necessary to perform preventative maintenance and operational testing. All work will be performed in a safe and professional manner and the work area will be left in a neat and clean condition. Labor costs for preventative maintenance work shall be bid as a lump sum per genset on the bid submission pages. Material Cost for preventative maintenance work shall be billed separately as per Section 24 of these specifications. Minimum preventative maintaining work shall be performed as follows:

16.2 STARTING SYSTEM

- 16.2.1. Clean batteries and cables.
- 16.2.2. Check and record specific gravity if batteries are lead acid or, check and record voltage readings if batteries are nickel-cadmium.
- 16.2.3. Check for proper starter operations, noting any unusual noises.
- 16.2.4. Check for proper cranking motor disconnect.
- 16.2.5. Replace plugs, points, caps, rotor, condenser (where applicable), clean as required. Check all connections in fuel, oil, cooling, battery, and exhaust systems.
- 16.2.6. Inspect spark plugs, magneto and coils (where applicable).

16.3. BATTERY CHARGING SYSTEM:

- 16.3.1. Check battery charger for proper operation.
- 16.3.2. Check battery-charging alternator for proper output.
- 16.3.3. Tighten and clean all battery connections.
- 16.3.4. Check electrolyte level and fill.

16.4. FUEL SYSTEM:

- 16.4.1. Check engine and supply system for any fuel leaks.
- 16.4.2. Check operation of day tank pump and float switch.
- 16.4.3. Check electrical and piping connections to day tank.
- 16.4.4. Drain condensates from the bottom of the day tank.
- 16.4.5. Change fuel filters.
- 16.4.6. Fuel treatment to add stabilizer and biocide to fuel tanks.
- 16.4.7. A fuel quality test shall be performed annually using appropriate ASTM standards.

16.5. LUBE OIL SYSTEM:

- 16.5.1. Check engine oil level.
- 16.5.2. Check engine oil pressure.
- 16.5.3. Take sample of lube oil for analysis [one (1) per year]
- 16.5.4. Change lube oil filter.

16.6. AIR INTAKE SYSTEM:

- 16.6.1. Check air cleaner condition. Replace air filters.
- 16.6.2. Check turbocharger for excessive endplay.
- 16.6.3. Listen for any unusual noises from this area.
- 16.6.4. Check air intake louvers for proper operation.
- 16.6.5. Insure that air intake flow is not unduly restricted.

16.7. EXHAUST SYSTEM:

- 16.7.1. Inspect exhaust silencer, flexible connection and exhaust piping.
- 16.7.2. Visually check exhaust outlet for excessive smoking.
- 16.7.3. Visually check crankcase breather for excessive smoking.

16.8. COOLING SYSTEM:

- 16.8.1. Check coolant level.
- 16.8.2. Check for proper amount of anti-freeze.
- 16.8.3. Check radiator core for obstruction or buildup of foreign matter.
- 16.8.4. Check general condition of engine coolant.
- 16.8.5. Check all belts for wear and proper tension.
- 16.8.6. Check all hoses for cracks and brittleness.
- 16.8.7. Check jacket water heaters and thermostats for proper operation.
- 16.8.8. Take sample of coolant for analysis [one (1) per year].

16.9. SPEED CONTROL SYSTEM:

- 16.9.1. Check governor rods and linkage for loose or worn parts.
- 16.9.2. Check governor operation under load.
- 16.9.3. Tighten loose wiring connections and note any potential problems.

16.10. SAFETY SYSTEM:

- 16.10.1. Test overspeed device.
- 16.10.2. Test water temperature contactor.
- 16.10.3. Test lube oil pressure contactor.
- 16.10.4. Test overcrank device.

16.11. AC. POWER GENERATOR :

- 16.11.1. Make a general inspection of all electrical connections on regulator and generator.
- 16.11.2. Grease bearings if necessary.
- 16.11.3. Check and adjust voltage regulator. Inspect slip rings.

16.12. ENGINE CONTROL PANEL:

- 16.12.1. Inspect all electrical connections and tighten where necessary.

COUNTY OF PUTNAM - PURCHASING

**BID NUMBER: RFB-09-17**

- 16.12.2. Inspect condition of relay contacts.
- 16.12.3. Thoroughly clean control panel.
- 16.12.4. Check operation of all lights and replace any indicator lights not working.
- 16.12.5. Replace any blown fuses.
- 16.12.6. Check operation of main circuit breaker and leave in "READY" position.

16.13. GENERAL:

- 16.13.1. Carefully inspect engine for leaks or deterioration.
- 16.13.2. Make note of any unusual sounds during walk-around inspections.
- 16.13.3. Check and adjust voltage and frequency.
- 16.13.4. Add engine fluids as required.
- 16.13.5. Grease necessary fittings.
- 16.13.6. General maintenance on jacket water heaters, engine plumbing, etc.

16.14. FLUID CHANGE:

- 16.14.1. Engine oil and oil filter change to be made on a schedule as specified by manufacturer or by NFPA recommendations.
- 16.14.2. Coolant change to be made only if needed based upon results of annual analysis performed under Section 16.8.8 above. If coolant change is deemed necessary then it shall be handled as "Repair Work" as outlined under Section 14 above.

17. INSPECTION SHEET

Vendor shall submit sample of an inspection sheet with their bid. The inspection sheet must meet the requirements of the authorized County of Putnam representative.

18. PORTABLE GENERATORS

The County of Putnam has a number of portable generators that require periodic inspection, maintenance, and repair. This work shall be covered under this bid and performed on a time and material basis. All repair work shall be approved by an authorized County of Putnam representative prior to start of job.

**COUNTY OF PUTNAM - PURCHASING**  
40 Gleneida Ave.-1<sup>st</sup> Floor-Room 105, Carmel, NY 10512  
TELEPHONE: 845-808-1088 / TELEFAX: 845-808-1914

**TITLE: GENERATOR PREVENTIVE  
MAINTENANCE VARIOUS COUNTY FACILITIES**

**BID NUMBER: RFB-09-17**

19. EQUIPMENT RENTAL

It is understood that on occasion bidder shall have to provide rented equipment (ex. Generators and cable) to the County of Putnam to complete work or provide for a temporary need. All rentals shall be pre-approved by an authorized County of Putnam representative and billed at Contractor's cost plus bid markup.

20. LOAD BANK TESTING

Bidder shall provide pricing for load bank testing of generators. Routine load bank testing was performed in 2016. Routine testing will not be required again until 2019. Interim testing of individual units may be required at the County's request. Price shall include load bank, all required cables (cost per foot of cable), connectors, materials and labor for connection to and disconnection from owner's equipment. Price shall also include up to 4 hours labor to perform test.

During load testing, record the readings of the following:

1. Lube oil pressure
2. Water temperature
3. Frequency
4. Current (all three phases)
5. Voltage (all three phases)
6. Kilowatts
7. Check auto start – stop move
8. Check operation of transfer switch

21. INTERRUPTION OF SERVICE

Any testing or maintenance procedures which will or may affect any facility operations will be required to be scheduled in advance with the County's representative.

22. USE OF PREMISES

On or about the premises and adjacent areas, the Contractor shall ensure that all apparatus, storage of materials, and activities of workmen be confined to the limits indicated by law, ordinances, permits, and the direction of the authorized County of Putnam representative, and shall not encumber or permit the premises or adjacent areas to be encumbered with such materials or apparatus.

The work site shall be kept in an orderly and safe fashion so as not to interfere with the progress of the work or the work of any other Contractor.

The Contractor shall be responsible for repairing and replacing anything damaged by his operations, within thirty (30) days after notification by the authorized County of Putnam representative that damage has occurred.

It will be the responsibility of the Contractor to report to the authorized County of Putnam representative, any damages found prior to any work at the site.

**COUNTY OF PUTNAM - PURCHASING**  
 40 Glencida Ave.-1<sup>st</sup> Floor-Room 105, Carmel, NY 10512

**TITLE: GENERATOR PREVENTIVE  
 MAINTENANCE VARIOUS COUNTY FACILITIES**

**BID NUMBER: RFB-09-17**

23. CLEANING UP

The Contractor shall at all times keep the premises and adjacent areas free from accumulations of waste material or rubbish. At the completion of the work, he/she shall remove, from and about the premises, including adjacent areas, all rubbish, tools, and surplus materials used for work and shall have the area "broom clean" and ready for use. In case of a dispute, the County of Putnam may remove rubbish and clean up, then may charge the Contractor either by deduction in amounts unpaid to the Contractor or by other means as determined fair and equitable by the authorized County of Putnam representative.

24. PAYMENT AND INVOICES

Detailed description of all completed preventative maintenance and/or repair work must accompany all invoices.

Detailed billings must be received by the County of Putnam within fifteen days after completion of each job.

Any additional labor or material charges as authorized by the County of Putnam will be paid according to the following requirements:

1. Labor charges: The Contractor's invoice must list specifically the type of employee or laborer utilized and the number of man hours worked. The bidder agrees and hereby certifies that all labor charges contained in the invoices and vouchers shall be only those that were required and necessary to complete the work.
2. Material costs: To be billed at bidder's cost plus mark up as follows:
  - a. The invoices for payment must list specifically all parts and materials and cost to bidder for each item. The County of Putnam may require verification of these costs by copy of the invoice as submitted to the contractor for payment. The bidder agrees and hereby certifies that all parts and materials which he/she purchases shall be at the lowest price available at the time considering the prevailing conditions and circumstances for which it is required that the purchase be made. The County of Putnam reserves the right to supply material when deemed in the best interest of the County.
  - b. Documentation (i.e. receipt, proof of cost) for any parts, materials, fluids, rental costs, etc. over \$100 must be provided with bidder's invoice or for any items under \$100 at the County's request. Documentation should only contain information pertinent to the specific County work being invoiced (i.e. other material/parts). If material/parts for non-County work are listed on the submitted documentation, the bidder shall make clear which items are specific to the County and which are not.
3. Shipping and handling costs: Any shipping charges incurred by the bidder shall be billed at actual cost to the County. Documentation of shipping charges must be provided with bidder's invoice. No handling charges will be allowed.

ADDITIONAL ITEMS

If the Contractor expects to incur any additional costs not specified in the above paragraphs, he/she must submit a list of those items and corresponding charges or schedule with his/her bid. There will be no additional charge for delivery or mileage. No other costs except those placed in the bid proposal at the time the bid is submitted shall be evaluated, considered, or deemed acceptable charges by the County of Putnam. The Contractor further agrees

**COUNTY OF PUTNAM - PURCHASING**  
40 Gleneida Ave.-1<sup>st</sup> Floor-Room 105, Carmel, NY 10512

**BID NUMBER: RFB-09-17**

that should it be determined by the County of Putnam that the Contractor is falsifying his invoices or partaking in fraudulent practices so as to reflect higher costs than actually incurred in the repair, this falsification or fraudulent practice shall be considered a material breach of the terms of the contract. Nothing herein shall be considered to limit the authority of the County of Putnam to prosecute any bidder or Contractor who violates the laws of the State of New York.

25. AMENDMENTS TO BID

Any verbal information obtained from or statements made by the representative of the County of Putnam or his/her designee at the time of examination of the documents or site shall not be construed as, in any way, amending Contract documents. Only such corrections or addenda as are issued by the Purchasing Director in writing to all Contractors shall become part of the contract.

Any addendum issued during the time of bidding shall be included in bids and become part of the Contract Agreement.

26. AWARD

Award will be made to the lowest responsible bidder. Any quantities shown are estimates. The successful bidder will be required to furnish quantities that may be more or less than the estimated quantities.

Bid submission items 1,2,12,23,34,45,46-66 shall be the only items used in award determination. However, vendor MUST make an entry for each item listed on the bid submission pages.
