TITLE: PORTABLE CHEMICAL TOILETS

BID NUMBER: RFB-22-17

PARTICULAR BID SPECIFICATIONS

1. These specifications cover portable chemical toilets to be used by the Putnam County Department of Highways & Facilities in conducting work in various areas in the County of Putnam.
2.
 - a. Standard Construction Units
 The units shall be fiberglass with complete venting system and holding tank of adequate capacity. Such units to be included shall be structurally sound and properly positioned to afford adequate stability. Price to include optional Sani-Stand.
 - b. Heated Unit
 Larger units with heat, lighting sink, fresh water flush and switch activated mat.

****Please note****

It is anticipated that the Heated Units (2b) shall be used November through April and be replaced with the Standard Construction Units (2a) May through October.

3. Weekly service shall be included with toilet tissue, urinal block, holding tank sanitizer and winter brine mixture on seasonal basis.

In addition, we would like a price for additional cleanings on a per day basis.

4. Delivery of portable chemical toilet units to various areas throughout the County of Putnam shall be as directed by the Putnam County Department of Highways & Facilities, and relocation from one job site to another shall be without extra charge.
5. Bid price shall be based upon a monthly per unit, include all services, and shall be less all local, State or Federal taxes.

At present, it is anticipated that portable chemical toilets will be required at the following locations in Putnam County:

Old Route 22, Brewster, Southeast
 Doansburg Road, Green Chimney's, Patterson
 Cold Spring Stockpile – 49 Fair Street, Cold Spring
 Putnam Valley Stockpile – Oscawana Lake Road, Putnam Valley
 Route 6N Stockpile – 454 Route 6N, Mahopac
 Putnam County Park – 199 Gypsy Trail Road, Carmel
 Fair Street Stockpile-842 Fair Street, Patterson
 Other locations as needed
