**Item #7 - FYI/Youth Bureau/Highway Safety Grant Application through the NYS DMV**

Youth Bureau Executive Director Janeen Cunningham stated this has been a very successful program. She stated it is now in the Town of Carmel and Town of Kent Courts. She stated there has already been four (4) cases through this program. She stated these cases are youth that have been pulled over for speeding or other traffic infractions; and have had different recommendations such as an interview with a police officer or community service. She stated the Youth Bureau is trying to expand this program in the schools and the Department of Motor Vehicles.

Chairwoman Sayegh questioned how youth are sent through the Teen Driving Court instead of regular Traffic Court.

Executive Director Cunningham stated the judges refer the case to the program.

Chairwoman Sayegh questioned when the program began in the Town of Carmel.

Executive Director Cunningham stated it started around December.

Chairwoman Sayegh clarified that this grant is used for multiple programs such as: Parents as Driving Partners and Teen Driving Court.

Legislator Addonizio stated she is glad to see this move forward as it is a great program. She thanked Executive Director Cunningham for her efforts.

Legislator Montgomery thanked Executive Director Cunningham for pursuing grant funding.

Legislator Gouldman questioned how this program has been working.

Executive Director Cunningham stated it has been working very well. She stated it helps the youth learn. She stated there have been instances of youth speeding very fast on Interstate 84 that could have resulted in many points on their license, but the cases were referred to the Teen Driving Court. She stated there has been positive feedback from the kids and parents.

Legislator Gouldman questioned if it is the same structure as regular court.

Executive Director Cunningham stated it is the same structure as the Youth Court. She stated usually, a high school senior acts as the judge. She stated they are also paired with a youth mentor to walk them through the process before they get to court. She stated the mentor also shows them the consequences they would be facing if not for the Teen Driving Court Program. She stated the parents are very thankful for this aspect. She noted that if the individual has another traffic offense, they cannot go back to the Teen Driving Court.

Youth Services Specialist Pamela Philips Zeller stated there is also a group of youth that are designing presentations to give to the schools. She stated they have also presented to the Town of Kent Police Department.

Chairwoman Sayegh thanked Specialist Philips Zeller for the information and her efforts.

Legislator Gouldman questioned if a youth from another county has a traffic violation, would they be eligible for the program or would they go directly to regular court.

Executive Director Cunningham stated they have already been referred a Westchester County resident, even though they planned on only taking Putnam County residents. She stated the parents were very impressed with the program and hope it expands into Westchester. She stated if the State sees that this program works, it could be a model for other counties.

Specialist Philips Zeller stated they are going to be reaching out to the DMVs in Beacon and Peekskill because they have found that residents on the western side of Putnam County go to those DMVs. She stated they have also learned that 50% of the agreements being signed in the Brewster are from out of county residents. She stated they hope this will show the State that this is a program worth expanding.

Legislator Gouldman stated this is a great initiative. He suggested partnering with the Putnam Valley Court.

Specialist Philips Zeller stated they are currently looking at the Putnam Valley or Philipstown Courts for expansion.

Chairwoman Sayegh stated it is fantastic that the Youth Bureau is looking to expand this program.

Executive Director Cunningham thanked the Legislature for their support.
