

STUDENT OR STAFF IS SYMPTOMATIC

Fever, cough, shortness of breath, headache, new loss of taste or smell, sore throat, congestion, nausea, vomiting, diarrhea, muscle or body aches.

Isolate and send home immediately. Inform student or staff they must seek medical attention and must follow the appropriate protocol.

Student or staff test positive for COVID-19. School notifies COVID case to local county health department.

CALL: (845) 656-4905
COMPLETE COVID FORM AND FAX TO: (845) 279-4104

Student or staff has documentation from a health care provider following evaluation, negative COVID-19 diagnostic test result, and symptom resolution, or if COVID-19 positive, release from isolation.

Allow student or staff to return.

Positive student or staff will be isolated for a minimum of 10 days from start of symptoms and must be 72 hours fever free without the use of fever reducing medications and have resolution of other symptoms before return.

- Local Health Department contacts student, parent, staff or visitor to perform case investigation and begin contact tracing.
- Local Health Department will notify the school for collaboration with contact tracing and to identify close contacts.
- Close contacts include persons within 6 ft. or less for more than 10 minutes. Contact tracers may also consider duration and proximity of contact and other criteria in determining close contacts.
- A close contact will be quarantined for 14 days from the date of last exposure and advised to monitor for symptoms.

Contacts to positive case (that do not develop symptoms) can return to school after 14-day quarantine period.
